

MetroWest+

Portishead Branch Line (MetroWest Phase 1)

TR040011

Applicant: North Somerset Council

1.4 – Guide to the Application (Version 17)

Author: Womble Bond Dickinson

Date: October 2022

North Somerset District Council

Portishead Branch Line (MetroWest Phase 1)

Guide to the Application

Document Reference	1.4
APFP Regulation	5(2)(q)
Author	Womble Bond Dickinson (UK) LLP
Date	October 2022
Revision	Version 17

1. INTRODUCTION

- 1.1 This document provides a guide to North Somerset District Council's (**Applicant**) Development Consent Order (**DCO**) application for the Portishead Branch Line (MetroWest Phase 1) (**DCO Scheme**).
- 1.2 This is a live document. The master documents list (Schedule 1) will be updated when updates or revisions to existing documents are made and new documents are submitted to the Planning Inspectorate. Updates will specify which version of the relevant listed document is the most up to date.

2. MASTER DOCUMENTS LIST

- 2.1 The master documents list is set out Schedule 1. It will:
- 2.1.1 provide a full list of all the documents that have been submitted to date;
 - 2.1.2 state which is the latest revision of a document (if applicable); and
 - 2.1.3 indicate when a new document was submitted.
- 2.2 For ease of navigation these documents are grouped by parts as follows:

Table 1: Document grouping

Part	Details
1. Application Form	Provides the details of the specific application information required by the Planning Inspectorate.
2. Plans, Drawings and Sections	Contains the plans which show the location of the DCO Scheme and the works proposed. This section includes the drawings and sections required by the Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (APFP Regulations) regulations 5 and 6. This section is broken down into the following categories: • General Project Plans • Railway Alignment, Design and Engineering Plans • Access, Highways and Traffic Plans • Environmental Plans

Part	Details
3. Development Consent Order	Outlines the legal powers sought by the Applicant to construct, operate and maintain the DCO Scheme.
4. Compulsory Acquisition Information	Provides details of the powers of compulsory acquisition that are sought.
5. Reports/Statements	Contains documents required to be submitted with the DCO application.
6. Environmental Impact Assessment	Contains the Environmental Statement (ES) information showing how the Applicant has assessed the potential impact on the environment. The ES is set out over 4 volumes: • Volume 1 contains the Non-Technical Summary (document reference no. 6.2) and the Table of Contents (DCO Document Reference 6.3); • Volume 2 is the main report for the ES (DCO Documents 6.4 to 6.23); • Volume 3 of the Environmental Statement is the Book of Figures (DCO Document Reference 6.24). • Volume 4 is the Technical Appendices (Document Reference 6.25).
7. Council Resolution	Provides copies of the council resolutions authorising the submission of the DCO application.
8. Other Documents	Includes additional documents produced in support of the DCO application.
9. Examination Submission [to follow]	A placeholder for new documents submitted to the Planning Inspectorate during the course of the examination.

2.3 The table attached at Schedule 1 is the **Master Documents List**. It identifies the documents produced for submission. The Master Documents List is a live document and will be updated when revisions to existing documents are made or new documents are submitted to the Planning Inspectorate. The Master

Document List identifies the part, title, submission date and version of the document.

- 2.4 Some documents are duplicated within the Master Document List. The purpose of this duplication is to allow the Planning Inspectorate and members of the public to find key documents that are likely to be updated during examination or that are referred to a number of times.
- 2.5 The version of the document contained within the ES will not be updated during examination and will be endorsed to show that it is a record of the document at the time of submission. The separately numbered document will also be endorsed, so that it is clear it is the latest version, should any updates be made during examination.

3. APFP REGULATION CHECKLIST

- 3.1 The table below provides the Applicant's checklist for compliance with The Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009 (2009 SI No. 2264) (**APFP**).

Table 2: APFP Checklist

APFP Reg.	APFP Regulation Requirements	DCO Document Reference	Application Document Description
5(1)	Prescribed Form	1.1 and 1.2	Cover Letter to the Planning Inspectorate (including draft s55 Checklist) and Application Form
5(2)(a)	Environmental Statement and any scoping or screening opinions or directions	Part 6	Environmental Impact Assessment
5(2)(b)	Draft Development Consent Order	3.1	Draft proposed Development Consent Order (word and PDF versions)
5(2)(c)	Explanatory Memorandum	3.2	Explanatory Memorandum
5(2)(d)	Book of Reference	4.3	Book of Reference
5(2)(e)	Flood Risk Assessment	5.6	Flood Risk Assessment (also contained within the ES, Appendix 17.1)

APFP Reg.	APFP Regulation Requirements	DCO Document Reference	Application Document Description
5(2)(f)	Environmental Protection Statement of Engagement – pursuant to section 79(1) of the Environmental Protection Act 1990	5.2	Environmental Protection Statement of Engagement
5(2)(g)	Report relating to European Sites to which regulation 48 of the Conservation (Natural Habitats) Regulations 1994 applies	5.5	Report to Inform Habitat Regulations Assessment (also contained within the ES Appendix 9.12)
5(2)(h)	Statement of Reasons and Funding Statement	4.1 and 4.2	Statement of Reasons and Funding Statement
5(2)(i)(i)	Land Plan: all land	2.2	Land Plan
5(2)(i)(ii)	Land Plan: compulsory acquisition or use	2.2	Land Plan
5(2)(i)(iii)	Land Plan: extinguishment of easements etc.	2.2	Land Plan
5(2)(i)(iv)	Special Category Land Plan	2.5	Special Category Land Plan
5(2)(j)(i)	Works Plans: location and alignment of all works	2.3	Works Plan
5(2)(j)(ii)	Works Plans: Limits of Deviation	2.3	Works Plan
5(2)(k)	New or altered means of access, stopping up of streets or roads, or any diversions, extinguishments or creation of rights of way or public rights of navigation	2.29, 2.30 and 2.35	Compounds, Haul Roads and Access to Works Plan, Permanent and Temporary Stopping up and Diversion Plan, Cyclists and New Highways Plan
5(2)(l)(i)	Statutory or non-statutory sites or features of nature conservation	2.55	Plan of Statutory or Non-Statutory Sites and Features of Nature Conservation Designations

APFP Reg.	APFP Regulation Requirements	DCO Document Reference	Application Document Description
5(2)(l)(ii)	Statutory or non-statutory sites or features habitats of protected species	2.55	Plan of Statutory or Non-Statutory Sites and Features of Nature Conservation Designations
5(2)(l)(iii)	Statutory or non-statutory sites or features water bodies in a river basin management plan	2.55	Plan of Statutory or Non-Statutory Sites and Features of Nature Conservation Designations
5(2)(m)	Statutory or non-statutory sites or features of historic environment	2.54	Plan(s) of Statutory and Non-Statutory Sites and Features of the Historic Environment
5(2)(n)	Crown Land Plan	2.6	Crown Land Plan
5(2)(o)	Any other plans, drawings etc.	Various	See Master Documents List in Schedule 1.
5(2)(p)	Any of the documents prescribed by APFP Regulation 6	See below	
5(2)(q)	Any other documents required to support the application	Various	See Master Documents List in Schedule 1.
5(2)(r)	3 paper copies if requested	N/A	No paper copies have been requested.
6(2)(a)	Section drawings to suitable horizontal and vertical scales which show by reference to Ordnance Survey or Chart datum, which show the levels of the proposed works including:	2.9	Longitudinal Profile of Railway Alignment (Gradient Profile)
6(2)(a)(i)	ground levels;	2.9	Longitudinal Profile of Railway Alignment (Gradient Profile)

APFP Reg.	APFP Regulation Requirements	DCO Document Reference	Application Document Description
6(2)(a)(ii)	height of every proposed bridge, viaduct, aqueduct, embankment and elevated guideway;	2.9	Longitudinal Profile of Railway Alignment (Gradient Profile)
6(2)(a)(iii)	depth of every proposed cutting and tunnel;	2.9	Longitudinal Profile of Railway Alignment (Sections Plans)
6(2)(a)(iv)	levels of the bed of any tidal waters or inland waterway in which it is proposed that any works should be situated;	N/A	No works are proposed in any tidal waters or inland waterway.
6(2)(a)(v)	height of every structure or device (including a cable, but not catenary and related equipment) intended to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or an inland waterway;	N/A	No structures or devices are proposed to be erected above, on or below the surface of, or on or beneath the bed of tidal waters or an inland waterway.
6(2)(a)(vi)	drainage outfall for highways	N/A	The NSIP element of the DCO Scheme is the railway and as such this information is not required. For general information about the drainage strategy of the DCO Scheme please refer to the Environmental Statement, Chapter 17 Water Resources, Drainage and Flood Risk and the relevant appendices (DCO Document References 6.20 and 6.25).
6(2)(b)	Section drawings to suitable horizontal and vertical scales which show	N/A	There are no intended tunnels or altered gradient of a carriageway or a way

APFP Reg.	APFP Regulation Requirements	DCO Document Reference	Application Document Description
	by reference to Ordnance Survey or Chart datum the cross section of every intended tunnel and any altered gradient of a carriageway or a way forming part of a guided transport system on either side of every level crossing, bridge, tunnel or underpass which would carry the carriageway or way through which it would pass		forming part of a guided transport system on either side of a level crossing, bridge, tunnel or underpass which would carry the carriageway or way through which it would pass. Please see the Engineering Sections (DCO Document Reference 2.8) for information generally.

SCHEDULE 1

Master Documents List

This is a live document list and will be updated when revisions to existing documents are made or new documents are submitted to the Planning Inspectorate. All documents submitted at the application stage are Version 1.

Table S1: Master Documents List

Doc. No.	PINS Ref.	Version	Status	Submission Date	Document Title	Drawing No. (if applicable)

5.5	-	1	Latest	20/09/2021	Addendum to the Habitats Regulation Assessment	

Doc. No.	PINS Ref.	Version	Status	Submission Date	Document Title	Drawing No. (if applicable)
	Please note the Addendum to the Habitats Regulation Assessment (HRA) was produced to take account of the removal of Trinity Footbridge from the DCO as a result of the change requested from the Secretary of State for Transport. This provided consequential changes to remove references to the Trinity Footbridge from the HRA and confirmed that there will be no changes to the national site network. The HRA Addendum should also be read alongside the submitted Report to Inform Habitats Regulation Assessment (DCO Document Reference: 5.5, REP6-063).					
5.6	APP-076	1	Latest	15/11/2019	Flood Risk Assessment (Part 1 of 17) (also contained within the ES Appendix 17.1)	
5.6	APP-077	1	Latest	15/11/2019	Flood Risk Assessment (Part 2 of 17) – Appendix B (Part 1 of 2) (also contained within the ES Appendix 17.1)	
5.6	APP-078	1	Latest	15/11/2019	Flood Risk Assessment (Part 3 of 17) – Appendix B (Part 2 of 2) (also contained within the ES Appendix 17.1)	
5.6	APP-079	1	Latest	15/11/2019	Flood Risk Assessment (Part 4 of 17) – Appendix C to J (also contained within the ES Appendix 17.1)

5.6	APP-092	1	Latest	15/11/2019	Flood Risk Assessment (Part 17 of 17) – Appendix P to T (also contained within the ES Appendix 17.1)	
5.6	REP6-065	1	Latest	15/03/2021	Flood Risk Assessment Addendum	

Doc. No.	PINS Ref.	Version	Status	Submission Date	Document Title	Drawing No. (if applicable)
	Please note that an Addendum to the Flood Risk Assessment (FRA Addendum) was produced to take account of a number of non-material changes to the draft DCO, further information and studies produced since the submission of the application and to record the Applicant's response to the Examining Authority's Section 51 advice letter (PD-006). The FRA Addendum should be read alongside the submission version of the FRA (APP-76 to APP-092) and the submission version of Environmental Statement Chapter 17 Appendix 17.1 (APP-173 to APP-189).

6.25	APP-173 to APP-189	1	Latest	15/11/2019	Appendix 17.1: Flood Risk Assessment	
<i>Please note that an Addendum to the Flood Risk Assessment (FRA Addendum) was produced to take account of a number of non-material changes to the draft DCO, further information and studies produced since the submission of the application and to record the Applicant's response to the Examining Authority's Section 51 advice letter (PD-006). The FRA Addendum should be read alongside the submission version of the FRA (APP-76 to APP-092) and the submission version of Environmental Statement Chapter 17 Appendix 17.1 (APP-173 to APP-189).</i>

6.25	-	1	Superseded	30/08/2021	Addendum to the Environmental Statement (Climate)	
Please note that an Addendum to the Environmental Statement was produced to take account of the Secretary of State's request for an update to the environmental information on 13 August. Specifically, the Applicant provided an update on the scheme's compliance with the UK Government's sixth carbon budget (including an assessment on the scheme's impact on the budget) and the cumulative effects of the scheme on climate, including greenhouse gas emissions, in light of the requirements in the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 and the National Policy Statement for National Networks. The Environmental Statement Addendum should be read alongside the submitted Environmental Statement (DCO Document Reference: 6.10 to 6.25).						

Doc. No.	PINS Ref.	Version	Status	Submission Date	Document Title	Drawing No. (if applicable)
6.25	-	2	Superseded	20/09/2021	Addendum to the Environmental Statement (Trinity Footbridge Revisions and Climate)	
Please note, a second Addendum to the Environmental Statement (ES) was produced to take account of the removal of Trinity Footbridge from the DCO as a result of the change requested from the Secretary of State for Transport. This provided an update to the impact on Landscape, Visual Impact Assessment as set out in the initial report, removed references to the Trinity Footbridge from the ES and revised the Addendum to the Environmental Statement on Climate which was submitted on 26 August 2021. The second ES Addendum should also be read alongside the submitted Environmental Statement (DCO Document Reference: 6.10 to 6.25).						
6.25	-	3	Latest	23/11/2021	Addendum to the Environmental Statement (Trinity Footbridge Revisions and Climate)	
A third version of the Addendum to the Environmental Statement (ES) was produced to take account of further updates required as a result of the Secretary of State's further request for an update to the environmental information on 9 November 2021. Specifically, the Applicant provided an explanation of the scheme's compliance with the UK Government's sixth carbon budget (including an assessment on the schemes impact on the budget) and the reasons why the third, fourth and fifth carbon budgets were not separately assessed. In short, the sixth carbon budget is the most stringent and operational carbon emissions are negligible, so they would be less than negligible under the previous budgets. The Environmental Statement Addendum should be read alongside the submitted Environmental Statement (DCO Document Reference: 6.10 to 6.25).
